EDUCATION

International Islamic University, Islamabad

Sep 2016 – Aug 2020

BS in Software Engineering, CGPA 3.23

Govt. Post Graduate College Layyah

Sep 2013 – Aug 2015

FSc. pre-engineering

EXPERIENCE

Final Year Project Hostel Management System

July 2020–Nov 2020

Developed backend API for hostel management System. It is fully working project hosted online over heroku.

Key Features:

- Keep record of hostels along with candidates living in hostel.
- Some can search hostels by location, city, street etc.
- Book hostel online for yourself.
- Provides facility to search jobs, shops using map

Technologies Used:

JavaScript, NodeJS, express, React native

React Ecommerce Website

Aug 2020- Nov 2020

Developed backend as well as front-end using NodeJS at backend and react and bootstrap at frontend

Code Intensity Tutor-Knowledger App

Sep 2020– Nov 2020 (Internship)

Worked as a backend developer using JavaScript at backend for above mentioned project. It is an Udemy like App which provides facility to students and tutors engage online in a different way.
